MERRY·PEOPLE

Creative Harvest is an all weather event. Please check the forecast and prepare accordingly. Boots are recommended if weather is forecasted to be wet.

This map is not to scale, distances are approximate, and may not accurately reflect driving distances. Use a mapping app for precise route planning.

Turn over for further details.

Explore the Gardens

1. Treasured Perennials at The Farm

220 McGlone Road, Drouin

Kerrie and Ben Brooker started their garden 5 years ago and have been on a regenerative journey to grow nutritional food by using biodynamic methods to create healthy soils.

2. Mitchell's Garden

222 Princes Way, Drouin

Sue and Stephen's established garden adjoins a family home owned by the Mitchell family for generations. The garden and surrounds are kept in tip-top shape to complement L D Creative studio, which she opened in 2022 in a former chook shed.

3. Urban Farm

12 Railway Ave, Drouin

Janet Wyllie transformed her suburban block by replacing the front lawn with flowering perennials and fruit trees. The original back lawn's now a veggie garden and a chook run.

4. The Sunshine Garden

8 Kendal Avenue, Warragul

Cath Stephensen's garden, planted in August 2020, emphasises sustainability through composting and planting techniques that reduce water consumption. Her front garden features a semi-natural landscape of light forest trees, grasses, and flowers in warm, happy colours and her back yard is her produce oasis of veggies and fruit trees and a She Shed.

5. Citrus Drive

51 Colquhoun Blvd, Warragul

Lindsay and Toby Renison's 'Citrus Drive' garden in Warragul began in 2019 on a flat lawn. Lindsay transformed the space with outbuildings and hard landscaping features, driven by his belief that a great garden makes any house better.

6. Fiona's Garden

7 Fernery Boulevard, Warragul

Fiona Kittelty and her husband moved to their suburban block in 2012 and have expanded an established cottage garden to include an extensive family food garden, compost bays, a greenhouse, a chook house, and a She Shed.

7. Vue at Jindivick

130 Stoll Rd, Jindivick

Anita and Paul Day's garden began with an avenue of Manchurian pears. Fourteen years on, they have a ½ acre of flower and food garden adjacent to 32 acres of forest that's home to Bambi, Skippy, and Peter Rabbit.

8. Wanderlust

2 Red Hill Court, Neerim South

Kim and Benjamin Taylor's Garden is a great example of a small but prolific food garden. Now in its third year, it demonstrates what can be achieved on a tiny urban plot.

9. Pat Buchanan's Garden

250 McDougal Road, Neerim South

Pat's vegetable garden was laid out some 15 years ago, along with the landscaping when the house was built. But her food gardening adventure only took off when COVID prompted her to live permanently in the country.

10. Darna

57 Darnum-Allambee Road, Darnum

Adele Kellett's 2.5-acre garden's stone fruit orchard, vegetable and berry beds, and chook run are fully enclosed to protect her harvest from birds and rabbits. The garden's unofficial name, 'Darna' (Lithuanian for 'harmony') reflects Adele's eclectic selection of favourite plants.

11. Our Little Patch

46 Woodlawn Boulevard, Yarragon

Holly Harrap's garden began as a fun life skills project for her children. Now the family's raised beds grow more food than they imagined possible for an 800m² house block. Holly has recently added silkie chickens and a She Shed to her space.

12. Green Hills Farm

460 Yarragon South Rd, Yarragon South

In 2015 Kristy and Neil Plumridge bought 150 acres of neglected farmland. Now they grow chemical-free garlic and a flourishing orchard and veggie garden that feeds their family and supplies local restaurants.

What's on in the gardens

Free Events (30 mins)

Profitable Veggie Garden

10:30am Saturday & Sunday

Jessi Young (Green Hills Farm gardener) shares tips for creating a sustainable and profitable food garden (12).

Walk the Vineyard

3.00pm Saturday, 11.00am & 3.00pm Sunday

Dave (Krooked Row Winery) will sneak you through the side gate of his neighbour's garden and take you on a private tour of his vineyard. Meet at Pat's Garden (9).

Aerated Compost Tea

11.30am & 2.30pm Saturday & Sunday

Paul Day (the Compost Man) teaches aerated compost tea making for healthy gardens at Vue in Jindivick (7).

Soil Biohacking

11.30am & 2.30pm Saturday & Sunday

Ben Brooker shares his depth of knowledge of how to regenerate life into our soils using biodynamic practices at Treasured Perennials (1).

Compost Bays 101

11.30am & 2.30pm Saturday & Sunday

Jeff Kittelty will take you through his compost bay system creating compost magic at Fiona's Garden (6).

Top 5 Medicinal Herbs

Midday Saturday & Sunday

Caroline Parker (The Cottage Herbalist) shares top 5 medicinal herbs and their uses at Green Hills Farm (12).
